## GREG & SARAH RYAN

Hi, we're Greg and Sarah Ryan. We have three amazing children: Aurora, Wynn, and Ammon. As a family we love spending time outdoors, planning fun parties, and spending quality time with our kids and three cats.

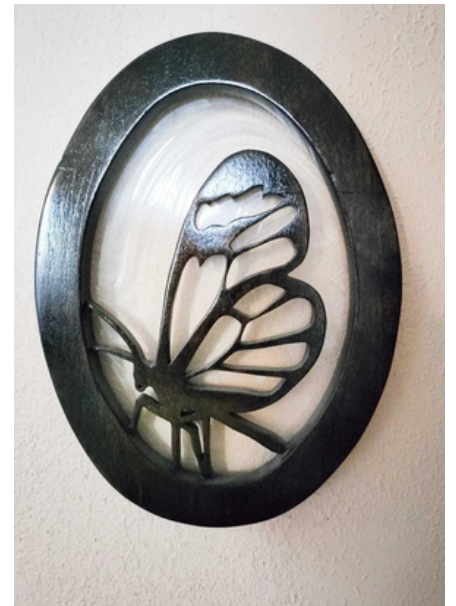

Both Greg and I come from artistic backgrounds. We love to discuss art and design, and bounce ideas off each other to come up with great stuff!

Greg has been a rough carpenter (framer) for 20 years, and has always enjoyed applying his skills to some 'finer' woodwork. Greg's parents, Nick and Mary Ryan, are both talented artists both in sculpture and painting. The oil paintings here showcase some of their work and Greg's custom frames.

I also love creating, whether it's cutting wood with my scroll saw or making soaps and salves. Being the daughter of stained glass artists David and Jeanne Gomm, and being married to a carpenter, it only seems natural to put wood and stained glass together. The stained glass that you see in the case is provided by Gomm Studios, and offers a lovely highlight for our woodcraft.

Our daughter Aurora's talents shine through in her fiber arts like crochet and tatted lace. She also has an amazing ability to design and create clothing, blankets, footwear, and jewelry. The doilies are some examples of her skills.

On our off-time, Greg and I love kayaking at Utah Lake, gardening, and raising ducks and Holland Lop bunnies. We hope you enjoy our collaborative art with our talented family!
